User Requests

#1) Request type: delete user.

Date and Time of request: 06/28/2020 21:22:31

User name: Dewitt Clayton

User email: melrpa16+40@gmail.com

Details of request: Deleted the user from the database.

#2) Request type: change user details.

Date and Time of request: 06/28/2020 21:22:30

User name: Brendon Hahn

User email: melrpa16+3@gmail.com

Details of request: Changed the user details listed below:

Updated first name: Brendon

Updated last name: Hahn

Updated address: 70 Essex Rd, Tanglely, SP11 2JL, United Kingdom

Updated telephone: +44 078 0345 1240

Updated content preference: Tech

Updated interval preference: Daily

#3) Request type: register new user.

Date and Time of request: 06/28/2020 21:22:10

User name: Arie Keene

User email: melrpa16+53@gmail.com

Details of request: Registered all details of user, creating new account and stored in database.

#4) Request type: register new user.

Date and Time of request: 06/28/2020 21:22:09

User name: Lani Myers

User email: melrpa16+52@gmail.com

Details of request: Registered all details of user, creating new account and stored in database.

#5) Request type: register new user.

Date and Time of request: 06/28/2020 21:22:07

User name: Echo Means

User email: melrpa16+51@gmail.com

Details of request: Registered all details of user, creating new account and stored in database.

#6) Request type: delete user.

Date and Time of request: 06/28/2020 21:00:57

User name: Renata Drake

User email: melrpa16+43@gmail.com

Details of request: Deleted the user from the database.

#7) Request type: change user details.

Date and Time of request: 06/28/2020 21:00:56

User name: Aracely Mejia

User email: melrpa16+47@gmail.com

Details of request: Changed the user details listed below:

Updated first name: Aracely

Updated last name: Mejia

Updated address: 62 Main St, Achleek, PH33 8DD, United Kingdom

Updated telephone: +44 070 7085 3019

Updated content preference: Hobbies

Updated interval preference: Weekdays

#8) Request type: register new user.

Date and Time of request: 06/28/2020 21:00:35

User name: Danica Burroughs

User email: melrpa16+53@gmail.com

Details of request: Registered all details of user, creating new account and stored in database.

#9) Request type: register new user.

Date and Time of request: 06/28/2020 21:00:34

User name: Charlsie Sullivan

User email: melrpa16+52@gmail.com

Details of request: Registered all details of user, creating new account and stored in database.

#10) Request type: register new user.

Date and Time of request: 06/28/2020 21:00:31

User name: Darwin Ames

User email: melrpa16+51@gmail.com

Details of request: Registered all details of user, creating new account and stored in database.

#11) Request type: delete user.

Date and Time of request: 06/28/2020 14:18:01

User name: Zenia Marino

User email: melrpa16+34@gmail.com

Details of request: Deleted the user from the database.

#12) Request type: change user details.

Date and Time of request: 06/28/2020 14:17:36

User name: Dulce Kearney

User email: melrpa16+45@gmail.com

Details of request: Changed the user details listed below:

Updated first name: Dulce

Updated last name: Kearney

Updated address: 21 London Road, Colliton, EX14 4XT, United Kingdom

Updated telephone: +44 079 0663 5118

Updated content preference: Tech

Updated interval preference: Daily

#13) Request type: register new user.

Date and Time of request: 06/28/2020 14:16:32

User name: Pearlie Starnes

User email: melrpa16+53@gmail.com

Details of request: Registered all details of user, creating new account and stored in database.

#14) Request type: register new user.

Date and Time of request: 06/28/2020 14:16:07

User name: Long Medeiros

User email: melrpa16+52@gmail.com

Details of request: Registered all details of user, creating new account and stored in database.

#15) Request type: register new user.

Date and Time of request: 06/28/2020 14:15:42

User name: Onita Gallagher

User email: melrpa16+51@gmail.com

Details of request: Registered all details of user, creating new account and stored in database.
